

PREVENT CORONA VIRUS (COVID-19)

There is currently no vaccine to prevent Corona Virus disease (COVID-19). The best way to prevent illness is to avoid being exposed. Although there is no way to stop the transmission of viruses, there are things you can do to protect yourself and others from exposure. Take care of your health and stay protected by implementing the following preventive measures at work, home, and in the community:

**CLEAN YOUR
HANDS OFTEN**

**COVER COUGHS
AND SNEEZES**

**AVOID CLOSE
CONTACT**

**WEAR A FACEMASK
IF YOU ARE SICK**

**STAY HOME
IF YOU ARE SICK**

**CLEAN AND
DISINFECT**
